CHOOSE WHAT YOU WANT TO BUILD.

Company-building opportunities. Concrete next steps.

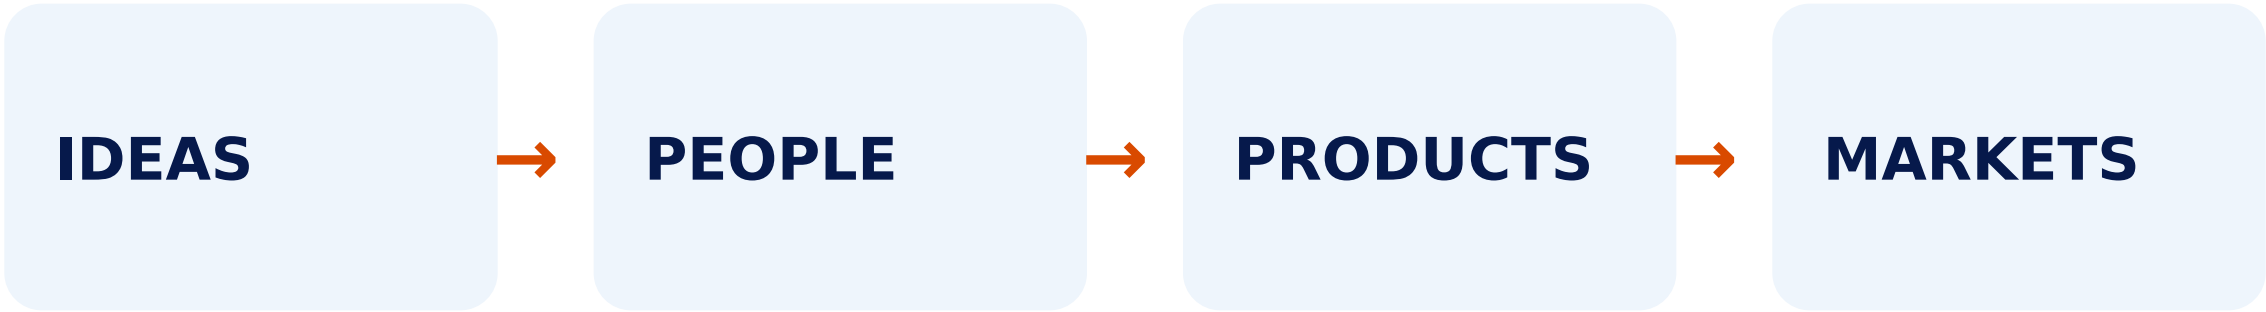

Discover • Lead • Build • Grow • Partner

A COMPANY BUILDER, NOT STARTUP SCHOOL

- Move a specific idea, domain, IP asset or emerging company toward market
- Recruit capable CEOs, advisers, operators and corporate partners
- Measure signed next steps and commercial evidence, not idea counts

THE MARKET ACCELERATOR™ MODEL

Finite (~6-month) development cohorts • Milestone gates • CEO handoff

FIVE WAYS TO PARTICIPATE

- CEO: venture-specific leadership, compensation and equity
- BOA: exactly $5,000 per adviser; most on fixed term sheets
- BOD: personal investment and director arrangements case by case
- STAFF: scope, hours, salary or contractor terms negotiated
- CSI: corporate partnerships, pilots, licensing or acquisition talks

LIQUID CAPITAL: CANDIDATE MATCHING

$0–$50,000

$50,000–$500,000

Over $500,000

These are qualification bands, not a solicitation or funding commitment.

909.AUTOS: AN EXAMPLE OF THE AMBITION

- Help recruit the CEO and team to develop a new automobile brand
- Originator contributes a venture concept and an incubation pathway
- CEO validates the market, capital needs, product and operating plan
- 909.autos is one example venture—not the 909.ventures brand

THREE VENTURE OPPORTUNITIES

- ShipTwice — cross-customer parcel/freight consolidation; operator pilot
- ToppIRR — peer-recognition/data product; opt-in enterprise evaluation
- YellowBriq — confidential invention; NDA-first strategic evaluation

NOVEMBER 25, 2026: FIRST DEAL GATE

- Target: three qualified, documented venture-specific next steps
- Operating MOU or pilot scope; data-evaluation note; technical evaluation scope
- Every record: party, owner, authority, date, document version and evidence
- Prospects, NDAs and discussions are NOT signed commercial deals

DOCUMENTS AND DECISION WORKFLOW

- Browse → qualify → scoped NDA if needed → meeting → MOU / LOI / CSI
- BOA: fixed $5,000 venture-specific participation—not platform fees
- BOD proposal window: 48 hours; corporate CSI default: 14 days
- Owner or authorized venture CEO approves any definitive transaction

REVENUE AND CAPITAL ARE DIFFERENT

- Platform revenues: contracted development, feasibility and services
- Potential later realized licensing, royalties or transaction proceeds
- BOA: 10 × $5,000 = $50,000 gross at individual venture level
- Never book hypothetical investment cash as platform operating revenue

PRESERVE THE MARKET ACCELERATOR™

- 909.ventures is the forward-looking venture marketplace and portal
- The Market Accelerator™ remains the methodology and heritage brand
- Historical TMA website, links and records remain online and intact
- 909Brokers and 909Capital are published partners, not cohort companies

DISCOVER. LEAD. BUILD. PARTNER.

Choose a venture. Select your role. Document the next step.
